

Motor Racing Simulator

Our fully brand-able half car F1 simulators allow you to add that extra dimension and wow factor to your event.

Using state of the art motor racing technology our racing simulator allows you to experience the high octane world of motor racing first hand.

Feel every bump and turn of the track as it is fed back through our custom built motion cockpit.

Compete in fastest lap competitions or drive your very own Mini Grand Prix. For added visual appeal why not add our podium and 'Stig' look alike to complete your 'Full Throttle' experience.
