Format

Welcome to the Crystal Maze....

Based on the popular Channel 4 series the Delegates will be divided into teams and compete along the lines of the gameshow through a variety of 'Zones' and tasks. The ultimate goal is to gain as much time (as many crystals) as possible to enable them to have a greater chance of collecting the most gold tickets in the final dome.

Challenges include....

SAFE CRACKER

The teams will have to work of a combination to the safe via a series of cryptic clues (which could be based on company products) - this will enable them to crack the code and release the crystal.

THERMAL NUCLEAR DEVICE

Delegates must disarm a bomb by placing a plunger into the centre of it, but the problem is made more intense by the constraints put in place; some of the team are blindfolded.

COMMUNICATION LINE

Teams form a line, with one person at the front holding a clipboard and pens. The person to the rear of the line has a picture, this picture must be replicated at the front of the group. The team will be assessed on how accurately the picture reflects the picture they are given once the messages have been passed from one end of the line to the other and recreated. There will be marks for each segment of the picture and how accurate they are. Also there will be a time score enabling more chances for crystals to be won.

ZOOM

The group each get a picture from a storybook they must retell the story and work out the correct sequence of the pages without showing each other the page which they hold. Once they have the correct order for each piece of the story they are then required to lay this down on the floor and it reveals the big picture and the story in a large visual.

KINGDOM OF THE BLIND

Participants must recover tokens from a designated area whilst adhering to constraints including; some members being blind, others being unable to speak, movement is also restricted and

PENALTY SHOOT OUT

Teams must compete to see who can score the most goals in out penalty simulator.

RADIO CONTROLLED CARS

Who will earn extra time by setting the fastest lap around our tricky remote control car circuit?

BATAK CHALLENGE

Delegates need to score over a predetermined amount to earn crystals in this fast paced reaction based game.

THE CRYSTAL DOME(S)

At the end of all the zones each teams crystals are added up and the relevant time in the dome(s) is worked out. Then the team member or members enter the Crystal Dome to gather as many gold tickets/balls as they can.

The dome can be branded with the company logo.
