

# THE COMMENTARY BOOTH

**ADD AN ORIGINAL AND FUN FEATURE TO YOUR EVENT**

**Are you looking for a way to keep people entertained during your conference or exhibition?**

**Then look no further - The interactive sports commentary booth adds a whole new dimension to any event.**

You choose the sport - We provide the TV footage (pre-event - subject to availability) and the platform for you to demonstrate your commentary skills.

## **Will you be the next John Motson or Peter Alliss?**

Maybe you will describe Geoff Hurst's final goal at the 1966 World Cup, Jean Van de Velde's infamous difficulties in the burn at Carnoustie during The Open or Andy Murray triumphing at Wimbledon.

We can also provide a well known commentator to provide you with tips and show you how it's done by the professional before proceedings start.

To add a competitive element to the booth, participants can compete for the 'Golden Microphone' which is presented to the person judged to have delivered the best commentary during the event.

Another added element is that each participant will receive a password protected weblink for them to show their freinds and family just how good (or bad!) they were.

**HAVE YOU GOT WHAT IT TAKES?**

**CAN YOU HANDLE THE PRESSURE?**

**WILL YOU WIN THE 'GOLDEN MICROPHONE'?**

**With the European Championships and Olympics taking place this year this is the perfect way to engage with customers, clients or colleagues.**
